PROFILE

About Our Company

HB & AL SHAMI AUTO TYRES TRADING LLC was established in Dubai, United Arab Emirates in 1996.

HB & AL SHAMI AUTO TYRES TRADING LLC is the first one who joined Tyre Plus in year 2008 in Middle East. Tyre Plus is a network of professional independent tire retailers offering high quality products and automotive services at competitive prices.

OUR JOURNEY

TYREPLUS is a one-stop-shop offering you a wide choice of major tire brands, lubricants, batteries, suspension and braking systems.

Vision

- ***Solved The Problem***
- ***Give multiple optional***

Our knowledgeable and friendly staff will provide professional service and advice, giving you peace-of-mind that your vehicle is in good hands.

Our Products

- Michelin
- Bridgestone
- Goodyear
- Dunlop
- Pirelli
- Davanti
- Accelera

Our Services

- Tyre repairs:

Repairing a tire is not as straightforward as you first might think.

Our tire repairs are covered by a thorough check by our specialized technicians, after checking we will give our recommendations also on the repair materials to be used.

Our Services

- **Wheel balancing:**

When the experts at **Al Shami** balance your wheels, they are helping to ensure that your tires are spinning around as evenly as possible, which is important for optimal driving performance. Wheel-balance service includes:

Tyre and wheel removal.

Mounting each wheel on a state-of-the-art balancing machine.

Spinning each wheel to make sure the weight of the wheel and tire are balanced evenly around the axle

Detecting and locating any imbalance.

Our Services

- **Attaching** the appropriate weight on the opposite side of the tire to compensate for weight differences
Remounting tires and wheels.

- **Wheel alignment:**

Wheel Alignment should be checked whenever new tires are installed, suspension components installed, when the vehicle has encountered a major road hazard or curb and any time unusual tire wear patterns appear.

- **Regular** vehicle alignment checks and adjustments can prevent irregular tire wear and unnecessary stress on your vehicle, saving you time and unnecessary expenses.

- **We** at AL SHAMI uses State-of-the-art wheel alignment machines.

Our Services

- **Quality batteries:**

o If your battery needs replacement we hold stock all year long. Our batteries are available at very competitive prices, TYREPLUS AL SHAMI offers you a FREE Battery Check for your vehicle and gives you a printout of the current condition of your battery.

- **Oil service:**

o There are many choices of oils available for modern vehicles - you can be assured that TYREPLUS AL SHAMI has access to the latest oil products. Our highly qualified technicians will be on hand to give you advice and help you identify the most suitable oil for your vehicle.

Our Services

Brakes & Disks services:

o Our fully trained brake technicians were able to offer a comprehensive brake inspection report and replacement service. Whatever you drive, our top-quality brakes service will ensure total safety for you and your family.

- **Shock absorbers:**

If the front of your car dips when braking, is swayed by side winds or feels like it is handling poorly, you could have faulty suspension. For peace of mind arrange to take your vehicle to your TYREPLUS AL SAHMI for a suspension check as part of our free Vehicle Health Check.

- **Nitrogen:**

The physical size of a Nitrogen molecule is larger than that of compressed air. Nitrogen will leak from a tire over a longer period of time than compressed air. As Nitrogen helps to keep your tire pressure appropriate for longer, it can help you increase your fuel efficiency for longer and therefore decrease fuel consumption.

Our Services

- **Air-condition:**

Our fully trained technicians will conduct a free air-con check to ensure the system is working properly. If everything is okay, there will be no charges to bare. And if your system needs recharging, we can carry out the work while you wait.

- **Rotation:**

To benefit more from the tire's life we recommend rotating the tires every 10,000 KM according to the manufacturer's recommendation. We at **AL SHAMI** do it for free when you buy the tires from our shop.

Our Services

- **Rims Repair:**

In less than one-hour, we can remove the damaged alloy wheel, fix and refurbish the alloy rim, Result? A completely repaired alloy wheel rim looking as good as new for a fraction of the cost of a replacement.

- **Mechanical:**

An auto mechanic performs maintenance, diagnostic testing, repairs, and inspections cars. We work on engines, drive belts, transmissions, and electronic systems such as steering, brakes, and accident-avoidance systems.
